### **Professional Summary**

Experienced Maintenance Technician with 10 years in industrial environments, specialized in preventive and corrective maintenance of Tetra Pak packaging equipment. Skilled in troubleshooting, technical drawing interpretation, mechanical/electrical precision adjustments, and team collaboration. Strong background in safety compliance and continuous improvement of production lines.

### **Skills**

- Preventive and corrective maintenance
- Planned and corrective maintenance (TPMS)
- Troubleshooting (mechanical/electrical/hydraulic/pneumatic system)
- Tetra Pak machines: A3 Speed, A3 Flex, A3 Compact Flex, TBA22, Cardboard Packers (30/32/70/71), Straw Applicator, Cap 25/30, Shrink, Helix Accumulator
- Technical drawing interpretation (mechanical & electrical)
- Team training (operation, mechanical, electrical)
- Startup of new lines
- Equipment automation and improvements
- Hydraulic and electropneumatic systems
- Root cause analysis (RCA)
- Compliance with Workplace and Food Safety standards

### **Professional Experience**

**Confepar Agroindustrial Cooperative – Brazil**

#### Senior Electromechanical Technician (Aug 2020 – Jul 2021)

- - Performed maintenance on filling machines (A3FLEX 0300/Speed 0400/Compact Flex 020-030) and peripheral systems.
  - Electrical panel repairs, pneumatic system maintenance, hydraulic system maintenance, pneumatic system maintenance, and lubrication.
  - Executed TPMS plans, analyzed aseptic packaging deviations, and led equipment improvements.
  - Maintained pumps, conveyors, motor reducers.
  - Teamwork maintenance and operation
  - Trained team members in operations and maintenance concepts.
  - Participated in startup of new lines.

#### **Nestlé Brasil – Brazil**

##### Maintenance Mechanic (Sep 2013 – Feb 2020)

- - Maintained Tetra Pak filling machines (TBA22, A3FLEX), Serac, Elpo, Krones, Cap 30, Cardboard 30/70/71.
  - Performed precision mechanical and electrical adjustments.
  - Executed TPMS plans, analyzed aseptic packaging deviations, and led equipment improvements.
  - Maintained pumps, conveyors, motor reducers.
  - Used SAP for order management.
  - Conducted root cause analysis and interfaced with suppliers.

#### **Nestlé Brasil – Brazil**

##### Machine Operator (Nov 2009 – Aug 2013)

- - Operated Tetra Pak and Serac machines: Filling, Sealing, Cap, Labeling, Cardboards.
  - Ensured compliance with aseptic packaging standards.
  - Practiced 5S, quality system (QMS), and food/workplace safety protocols.
  - Supported maintenance team and trained coworkers.

#### **Education**

Technical Degree in Mechatronics

(Brazil – Equivalent to U.S. Associate Degree in Applied Technology)

#### **Certifications & Technical Training**

- Mechanical Technician Training – Cap Applicator 30 (Nestlé Brazil)
- Mechanical/Electrical/Operational Technician Training – A3 Flex (Tetra Pak Brazil)
- Mechanical/Electrical Technician Training – Cardboard 32 (Tetra Pak Brazil)
