Campina Grande - PB

Rua Manoel Leonardo Gomes, Jardim Paulistano, 1180, Apt 301

PROFESSIONAL SUMMARY

Construction professional with over 20 years of hands-on experience. I began my career at age 13 as a masonry helper and was promoted to bricklayer at age 17. I have worked in multiple roles—including carpenter, steel fixer, tile installer, and painter—developing strong expertise in all stages of construction.

At age 20, I became a construction foreman, managing small-, medium-, and high-end residential projects. I contributed to the construction of more than 5,000 affordable housing units and several luxury homes in gated communities such as Monteville, ParkVille, Serrarraville, Terras Alphaville, Alphaville, Atmosfera Green, and Atmosfera Eco.

I have solid command of structural work, finishing, carpentry, and painting. I am currently completing a Construction Management course at Instituto Universal Brasileiro.

SKILLS & EXPERTISE

- Full masonry work (structural and finishing)
- Bricklaying, flooring installation, porcelain tile work, and fine finishing
- General carpentry (forms, roofing, structural detailing)
- Professional painting
- Blueprint reading and interpretation
- Team supervision and coordination
- Construction planning, scheduling, and site management
- Material, deadline, and quality control
- Extensive experience in affordable housing and luxury residential construction

EDUCATION

- Construction Management Course – Instituto Universal Brasileiro (in progress)

ADDITIONAL INFORMATION

- Willing to travel
- Experienced in high-volume construction projects
- Strong communication and leadership skills
