## PROFESSIONAL SUMMARY

Reliable, safety-conscious and adaptable worker with experience in aircraft ground operations and practical industrial welding. Background includes aircraft boarding and refueling support, MAG welding, spot-welding machine operation, basic measurement and technical-drawing interpretation. Also comfortable with hands-on maintenance, outdoor work and physically demanding tasks. Quick to learn, attentive to procedures, and open to entry-level or skilled-support opportunities in agriculture, production, warehouse, facilities, hospitality, general labor and other suitable fields. Requires employer-sponsored work authorization and will relocate after the required approvals.

## CORE SKILLS

- Safety awareness, reliability, teamwork and adaptability
- Aircraft passenger boarding and refueling support
- MAG welding and spot-welding machine operation
- Preparing, positioning and securing parts for welding and assembly
- Caliper use and basic technical-drawing interpretation
- Common hand tools; minor household electrical and plumbing tasks
- Basic gate/fence repairs, home gardening and outdoor work
- Driving manual- and automatic-transmission vehicles
- Available for shifts, weekends and overtime when offered; able to perform physical work and lift up to 70 kg / 154 lb

## WORK EXPERIENCE

### Welder | LANCO | Brazil | Nov 2022 – Feb 2023

- Performed MAG welding and operated a spot-welding machine.
- Prepared, positioned and secured parts for welding and assembly.
- Used hand tools and measuring instruments, including a caliper, and interpreted technical drawings for welding tasks.
- Maintained an organized work area and followed safety and quality procedures while working with a production team.

### Aircraft Boarding and Refueling Assistant | Skydive4Fun | Boituva, Brazil | Jun 2016 – Oct 2018

- Supported safe, orderly passenger boarding and aircraft ground operations in a skydiving environment.
- Assisted with aircraft refueling while following operational instructions and safety procedures.
- Coordinated with pilots and ground personnel in a time-sensitive, team-based operation.
- Helped with equipment movement, work-area organization and changing daily operational needs.

## ADDITIONAL PRACTICAL EXPERIENCE

Personal home maintenance and gardening (non-professional): minor plumbing and electrical tasks, replacing shower units and light bulbs, basic gate and fence repairs, tire changes, gardening and use of common hand tools.

## EDUCATION

High School Diploma | Escola Modelo | Completed 2009 | Campinas, São Paulo, Brazil

## LANGUAGES & AVAILABILITY

Portuguese: Native | English: Semi-intermediate | Spanish: Basic

Available for full-time work and relocation after visa/work authorization approval. Willing to learn, work different shifts, and complete employer-required screening.

## WORK AUTHORIZATION

Brazilian citizen living and physically present in Brazil. Does not currently have U.S. work authorization. Requires direct employer sponsorship and the applicable petition/consular process for a U.S. position. Interested in opportunities that may be eligible under employer-sponsored programs such as H-2A, H-2B, EB-3 or other lawful pathways, subject to the employer and position's requirements.
