PROFESSIONAL SUMMARY

Disciplined former Brazilian Army Heavy Driver & Logistics Specialist with proven experience operating heavy trucks, transporting sensitive/hazardous cargo, and executing heavy physical supply operations in high-heat environments. Skilled in industrial machinery operation, preventive maintenance, and team coordination. Strong physical stamina for continuous heavy lifting (50+ lbs) under demanding outdoor conditions. Fully available for full-season H-2A farm operations. Official Military Letter of Recommendation Available.

KEY SKILLS & AGRICULTURAL RELEVANCE

- ***Fleet & Machinery Operation***: Heavy truck driving, cargo transport, load securing/strapping, pre-trip vehicle inspections (pre-start checks), defensive driving on rough terrains, and basic mechanical maintenance.
- ***Heavy Physical Labor & Logistics:*** Continuous manual loading and unloading of cargo onto barges, transport aircraft, and heavy trucks; handling bulk food supplies, heavy crates, and raw materials; warehouse and supply depot management.
- ***Safety & Hazardous Cargo Handling:*** Certified experience in the safe handling, loading, securing, and transport of sensitive materials, arms, ammunition, and explosives under strict military safety protocols.
- ***Physical Stamina & Field Capabilities:*** High adaptability and resilience to extreme heat and humidity; military discipline, team coordination, preventive maintenance, and full compliance with PPE and safety standards.

WORK EXPERIENCE

BRAZILIAN ARMY, Amazon Region / North Brazil - *Heavy Military Driver & Logistics Operations Specialist* | *Military Service*

- ***Hazardous & Critical Cargo Transport***: Safely operated military cargo trucks transporting high-risk materials (weapons, ammunition, and explosives) across paved and off-road terrains with a zero-accident record.
- ***Logistical Supply & Heavy Manual Labor:*** Executed large-scale logistical supply operations for military battalions across the entire state of Amazonas. Responsible for heavy manual loading and unloading of food supplies, provisions, and equipment onto river barges, cargo aircraft, and heavy trucks.
- ***Physical Stamina in Extreme Environments:*** Performed continuous, high-intensity physical labor under extreme heat, high humidity, and tropical rainfall in the Amazonian rainforest.
- ***Fleet Preventive Maintenance:*** Conducted daily pre-trip vehicle inspections, fluid checks, tire changes, cargo tie-downs/tarping, and basic emergency mechanical repairs to maintain full fleet readiness.
- ***Safety Protocol Compliance:*** Strictly adhered to military regulations for dangerous cargo transport, utilizing heavy-duty straps, chains, and covers to secure all loads safely.

AUTOMOTIVE & METALWORKING MANUFACTURING — Caxias do Sul, RS, Brazil
Automated Machinery Operator & Shift Line Lead | Recent Experience

- ***Machinery & Equipment Operation***
- ***Maintenance & Troubleshooting***
